

Dr. ERIK KLEIN

- MS study – Physical Chemistry at the Faculty of Chemical and Food Technology, Slovak University of Technology in Bratislava from 1991 to 1996
- PhD degree – the same university in 2001
- Assistant Professor at the Department of Physical Chemistry, Faculty of Chemical and Food Technology, Slovak University of Technology from 1999 to 2009
- Associate Professor at the same department from 2009
- Educational activities: Introduction to Laboratory Technics, courses of Physical Chemistry, Laboratory Practice from Physical Chemistry, Experimental Data Processing, Chemical Kinetics and Catalysis; supervision of Bc, MS and PhD students
- Research interest: study of the thermal degradation and the stability of synthetic polymers, theoretical study of the thermodynamics of primary antioxidants action and the oxidation of naturally occurring substances
- Approximately 50 CC publications, 1000 citations (*h*-index: 16)
