To Rector of the University of
Kragujevac
Professor Nenad Filipovic

Dear professor Nenad Filipovic!

Educational Establishment Mogilev State A.Kuleshov University expresses you our gratitude and proposes to continue cooperation between our universities.

In 2012 our educational institutions established partner relations and cooperation agreement was signed. Within the framework of cooperation agreement a number of projects were realized. For example we have organized a visit of administrative staff of the University of Kragujevac to Mogilev State A.Kuleshov University. During the visit "The Days of Serbia in Mogilev State A.Kuleshov University" were presented to the students of our university. Together we fulfilled the work for applying on the getting the grant for participation in IMPULSE project. The academic staff of both universities participated in the international scientific conferences on the bases of our universities.

According to the mentioned facts and taking into account the importance of the development of Belarusian-Serbian relations we propose to resign the cooperation agreement between our universities. Resigning of the cooperation agreement would be a new step of cooperation between our universities and opens new possibilities for participation in the joint educational and scientific projects such as Erasmus+, Horizon, etc.

Contact person for the discussion of the resigning of cooperation agreement from our side will be head of the international relations department Sergei Machekin (e-mail: ird-msu@mail.ru, Skype: Mogilev.State.University, WhatsApp: +375297414271).

Attachment: Draft of Cooperation agreement in the Russian and English languages.

Best regards,
Rector of the University

D.V.Duk
