Manuscript Abstract for ma-2014-

10-Oct-2014

Journal: Macromolecules

Manuscript ID : ma-2014

Title :

Author(s):

Dear Dr. Zivic,

Thank you for agreeing to review the above manuscript for Macromolecules. We recognize that manuscript reviewing is a time-consuming activity, and we all very much appreciate your efforts. To facilitate the handling of this manuscript in a timely manner, we would like to receive your review by 31-Oct-2014.

As you consider this manuscript, we ask you to bear in mind that Macromolecules wishes to publish only papers that are at the forefront of polymer science and are of broad interest and high potential impact; the authors should provide clear evidence for a significant advance in the particular subject area. Manuscripts more suitable to specialized journals should be directed there.

Please submit your review through ACS ParagonPlus. You may access the paper directly, without having to log in, by using the following link:

https://acs.manuscriptcentral.com/acs-ma?URL_MASK=07ce4cceeab24598a8782e1684309b3a

Alternatively, you can login to the ACS ParagonPlus site to access the manuscript at:

<https://acs.manuscriptcentral.com/acs>

Using your USER ID and PASSWORD. Once you are logged in, click on the "My Reviewing Assignments" tab, where you will find the manuscript listed under "Awaiting Review." (If you have lost or forgotten the password, you can reset and retrieve it by please using the Forgot User ID/Password feature on the ACS ParagonPlus login page given above.)

Thanks again for taking the time to review this manuscript,

Jane E.G. Lipson

The Albert W. Smith Professor of Chemistry Dartmouth College Associate Editor Macromolecules

Email: lipson-office@macromol.acs.org

Fax: 1 202-354-5252

FOR ASSISTANCE WITH YOUR REVIEW SUBMISSION PLEASE CONTACT:

27-Oct-2014

Dear Dr. Zivic:

Thank you for submitting your review of this manuscript. I know you have many demands on your time, and I appreciate your taking the time to provide a thoughtful evaluation. The continued success of Macromolecules depends on the generosity and conscientiousness of the community.

Best wishes,

Jane E.G. Lipson
