Manuscript PPE-2012-1300 entitled "Prognostic Factors for Mortality in Neonatal Tetanus: A Systematic Review and Meta-Analysis"

Dear Prof. ilic:

I am writing to let you know that I have received and read your insightful review of the manuscript referenced above. A journal is only as good as its reviewers, and we, at Paediatric and Perinatal Epidemiology, are indeed truly fortunate to have your expertise to help us navigate through the peer-review process.

Your review reflects scholarly work, and I want to personally thank you for your time and efforts. We hope we can count on you in future for help with the peer-review process for Paediatric and Perinatal Epidemiology.

With best wishes,

Cande V. Ananth
