Dear Nebojsa,

Thank you very much for joining EATI!

Thanks to you, our initiative had an extraordinary success, and we now count nearly 200 Academicians and more than 700 Members. Please visit <http://www.euroacadti.eu> for further information on the members and the activities of the Academy.

At this time, we would like to apologize for the confusion that has been generated during the invitation process, mostly caused by spamming issues and the use of multiple e-mail addresses. In this context, please note that both the addresses [kroemerg@gmail.com](mailto:kroemerg@gmail.com) and [gkroemer@crc.jussieu.fr](mailto:gkroemer@crc.jussieu.fr) are valid and checked regularly by myself or some of my strict collaborators.

Moreover, we would like to encourage you to talk about EATI to your peers working in cancer, immunology or both. We are constantly seeking new members, and being part of the EATI family only comes with advantages (discounted registration at conferences, free participation to seminars organized by the Academy, no inscription fees).

Finally, we would like to get your attention to the upcoming EATI conference, the **"Second CRI-CIMT-EATI-AACR International Cancer Immunotherapy Conference: Translating Science into Survival"**. The deadline for the submission of abstracts is **June 16th**. As an EATI member, you are entitled a discount on inscription fees.

Please check it out at the conference website at <http://www.aacr.org/Meetings/Pages/MeetingDetail.aspx?EventItemID=101#.V2AhtLuLRD8>, and submit your abstract at <http://www.cancerimmunotherapyconference.org/abstracts/>

Again, thanks for joining EATI and supporting this initiative,

Guido Kroemer, on behalf of the Governing Body of EATI:
