Dear Dr Milosevic-Djordjevic O,

Many thanks for agreeing to review the above manuscript, which has been submitted to Environmental Health. Please let us know whether there is likely to be any difficulty in meeting the deadline for your report, which is 23 February 2010.

Below you will find instructions for retrieving the manuscript and returning your report via our website. Please remember that the information in this manuscript is confidential.

If you have any difficulties accessing the files or returning your report, please inform reviewer@biomedcentral.com. If you have any questions about the manuscript, please let us know by replying to this e-mail.

As we mentioned in our previous message, we operate an open peer review process for this journal in order to give peer reviewers credit for their work and to ensure accountability. This means that we ask reviewers to agree to their signed report being passed on to the authors. If the manuscript is accepted for publication, your signed report will be posted on the website along with the article and the other reviewers' reports. We ask you to confirm that you consent to this at the end of the peer review report.

Many thanks for all your help with this manuscript.

With best wishes,

The Environmental Health Editorial Team
