Bakinskaya St., 121, 414000,

Astrakhan RUSSIA

Professor V. Jurisic, MD, PhD

Dear professor Vladimir Jurisic,

On behalf of The Organizing Committee of The 10th International Conference entitled as « **THE ACHIEVEMENTS IN FUNDAMENTAL SCIENCE AND TRANSLATIONAL MEDICINE IN MOVING HEALTHCARE SYSTEM AHEAD**» we would extend our wish to invite you to attend the meeting to be held in the City of Astrakhan to span from September 14 through September 16, 2015.

Let us take this opportunity as to mention that since 1999 in Astrakhan State Medical University, 8 conferences and training workshops for young scientists «PROTEINS - MARKERS of PATHOLOGICAL CONDITIONS», «FUNDAMENTAL SCIENCE AND ITS APPLICATIONS IN MEDICINE» and 9th International Scientific–Practical Conference «THE ACHIEVEMENTS IN FUNDAMENTAL SCIENCE AND TRANSLATIONAL MEDICINE IN MOVING HEALTHCARE SYSTEM AHEAD» had been held. Scientific Agenda of the current year is expected to include round-table discussion on basic issues to make bricks of the biomedical disciplines and to get young researchers and clinicians grown, educated and matured together further to reach the latest level of the scientific background laid in the today's medical practice.

Your visit to Russia is crucially important for prompting movements in the major and allied areas of medical research and clinical practice and furthering the relationships between our research and clinical facilities (university communities) and thus countries as well. The visit is expected to include your plenary speech, formal and informal discussions and talks with the faculty, research and clinical staff, as well as with graduate and postgraduate students whilst making dialogues

and/or polemic chattering across the small groups on different subjects as applicable to basic, applied, and clinical medicine.

You would enjoy your time to share it with us whilst sightseeing the attractiveness of the Russian-Tatar historical and scenic town.

Best wishes and hope to seeing you,

Dr Khalil Galimzyanov, MD, PhD,
Rector of Astrakhan State Medical Academy
City of Astrakhan, Russia

Dr Dina Nikulina, MD, PhD
Chair, the Conference,
Astrakhan State Medical Academy,
City of Astrakhan, Russia

Dr Sergey Suchkov, MD, PhD,
Chair, the Conference,
Professor in Immunology and Medicine,

A.I.Evdokimov Moscow State Medical and I.M. Sechenov First Moscow State Medical University,
First Vice-President and Dean, School for PPPM-related politics and management,
Member, EPMA (European Association for Predictive, Preventive and Personalized medicine), Brussels, EU,
Secretary General, UCC (United Cultural Convention), Cambridge, UK
