Stručni rad

INTEGRACIJA OBRAZOVNIH I KLJUČNIH ASPEKATA IT NA PRIMERIMA CMS JOOMLA

Milica Nešković¹, Živadin Micić²

Rezime: U radu je predstavljena integracija sistema za upravljanje sadržajem, sistematizovanjem kroz 12 aspekata IT i obrazovanja, korišćenjem CMS Joomla. Kao reprezentativan predstavnik, izdvojen je alat, CMS Joomla, sa ciljem integracije i sa mogućnostima korišćenja u obrazovanju, a na primeru kreiranja Web sajta škole. U praktičnom delu rada prikazana je integracija neophodnih elemenata školske Web prezentacije u CMS Joomla, kroz uklapanje u hijerarhiju sadržaja i implementaciju kreirane dinamičke Web prezentacije.

Cljučne reči: CMS, Joomla, obrazovanje, IT.

THE INTEGRATION OF EDUCATIONAL AND KEY ASPECTS OF IT ON JOOMLA CMS EXAMPLES

Summary: This paper presents an integration of Content Management System through systematization in 12 aspects of IT and education, using the CMS Joomla. As a representative, Joomla CMS is used, with the aim to integrate it and research for possibilities of its use in education, and on the example of creating a school Web site. Practical part discusses the integration of the essential elements of the school Web site in the CMS Joomla through their incorporation within the content hierarchy and implementation over dynamic Web site created.

Key words: CMS, Joomla, education, IT.
